

Terry Wohlers is head of advisory services and market intelligence at Wohlers Associates, powered by ASTM International. He and his team have provided consulting assistance to more than 280 organizations in 27 countries, as well as to nearly 200 companies in the investment community. He has authored 440 books, articles, and technical papers and has given 180 keynote presentations on six continents.

Wohlers has served as a featured speaker at events in the White House in 2012 and 2014 and has appeared on many television and radio news programs. Among them are Bloomberg TV, CNBC, CNN, Fox Business, MSNBC, NPR, and Australia's Sky News. He is a principal author of the *Wohlers Report*, the undisputed industry-leading report on additive manufacturing and 3D printing worldwide for 28 consecutive years.
